Hatch delivers clients ***creative and functional interior design solutions*** to sell their products and/or services while strengthening their brand. Our clients are able to obtain the ***highest standards*** for environmental sustainability and interior design ***quality assurance*** available in North America.

you deserve the very best

If you are planning to hire a designer, make sure they are ***Registered Interior Designers (RID)***. Our RID's have a reputable education, depth in experience, and a proven skill set - the highest level of recognition achievable for Interior Designers in North America. RID's possess the qualifications required to provide ***innovative, resourceful, and technical solutions*** to create an interior environment that should:

- ***enhance the quality of life for its occupants***
- ***strengthen workplace productivity***
- ***increase the frequency of consumer visits***
- ***heighten consumer spending***
- ***augment business profitability***

leigh blackburn RID, NCIDQ #, LEED AP ID+C

principal, registered interior designer

As a business owner myself I understand that **functionality and productivity are paramount** - my approach to design always addresses these requirements first, creating a strong foundation for great design. I will **create ways for you to better perform your job** and the aesthetic style will follow.

My professional credentials enable you to receive the highest level of service:

- Registered Interior Designer with the Interior Designers Institute of BC and Interior Designers of Canada
- LEED Accredited Professional with Specialty in Interior Design
- NCIDQ Certificate Holder (North American standard for Interior Design)

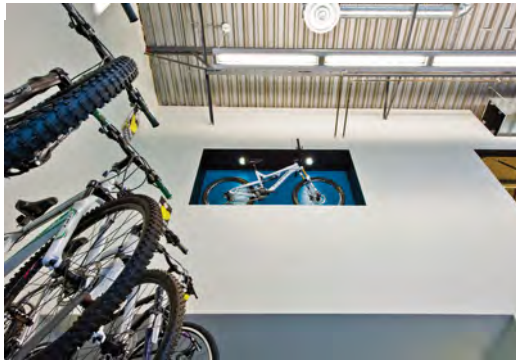

rachel clarida RID, NCIDQ #, BArchSci

principal, registered interior designer

My passion for Interior design and Architectural background drive me to provide **intelligent and creative solutions** for our clients. I understand that your project has its own set of requirements, goals, and aesthetic direction; I take pride in providing you with **big firm services on a personal & intimate level**.

My professional credentials enable you to receive the highest level of service:

- Bachelor of Architectural Science
- Registered Interior Designer with the Interior Designers Institute of BC and Interior Designers of Canada
- NCIDQ Certificate Holder (North American standard for Interior Design)

Sovereign Cycle, Westbank, BC

"The team at Hatch are the **ultimate professionals!** As we've discovered finding the right firm for the job is really important – especially when you're run off your feet getting ready to open a new business. Hatch **redefined the role of an interior designer** for us. Having previously had no idea what it takes to outfit a bare space, our design team was there to guide us through it all and to make sure we had the best finished product. We're happy to recommend Hatch as a **first class design firm** to anyone in need!"

~Russ and Rich, Owners

Buy the Sea, Westbank, BC

"Hatch Interior Design was able to analyze and understand our business model, combine it with our ideas and **create the perfect look with all the necessary inherent functionality.** Hatch Interior Design was able to work within a tight schedule and project budget, and achieve the contemporary, urban look and feel that I wanted. Buy The Sea wouldn't hesitate to work with Hatch on future projects. **They turned my vision into reality!**"

~Mike Stokes, Owner
